EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please cancel claims 1-38.

2. The following is an examiner's statement of reasons for allowance: claims 39-63 are allowed.

Prior art of record fail to disclose a method for controlling an end play distance in an motor comprising the steps of:

providing an adjustment member dimensioned to be received on the armature shaft and be received in said end lamina member,
slidably mounting said adjustment member onto said armature,
positioning the end lamina member onto said armature having said lamina stack until at least a portion of said adjustment member is received with said end lamina tube, thereby providing an armature assembly,

positioning the armature assembly in said motor housing,
situating an end cap on said motor housing until the bearing engages said adjustment member, and securing said end lamina member onto said adjustment member and including other features as recited in claim 39.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
